March 5, 2003

OKLAHOMA BULLETIN NO. OK230-3-3

SUBJECT: EOP - National Women's History Month

Purpose: To announce March as National Women's History Month

Expiration Date: September 30, 2003

March is nationally recognized as Women's History Month. The theme for 2003 is, "*Women Pioneering the Future*". This is a great opportunity to acknowledge the many contributions women have made to our country.

This theme incorporates pioneering women from U.S. history, who led and won struggles for equality and civil rights, created and advanced educational and professional opportunities, and made great contributions to the arts, sciences, and humanistic causes. The theme also encompasses innovative women of today who further these efforts and continue to expand the frontiers of possibility for generations to come.

The NRCS is committed to the ongoing celebration of women's contributions to our world. We encourage all NRCS employees to participate in activities commemorating the achievements and contributions of women to our world. Additional information may be obtained at the website, www.nwhp.org.
